Application dated 28.5.34 from Mr. Bhima Rao. K. Mysore.

for permission to bring out special editions of the paper "Progressive Mysore" during the next [illegible] years.

M.

Mr. K Bhima Rao obtained permission from Govt in Nov, 1933 to edit and publish the "Progressive Mysore" as an English weekly. Govt the permission granted to him for the purpose had to be renewed twice at his own request. In spite of that he was not publishing the paper regularly every week.

B & O.

2) He obtained all the amenities of a press Representative at the R.A.F.L.C meetings. He had received in advance from Govt their subscription for the paper for full one year also Contract advertisement charges of Rs 37-8-0 for a half year. Still, he practically published the paper only once in a month (perhaps) to keep the permit alive so that it may not lapse as stipulated by the Govt granting him permit. He was not publishing the paper regularly every week. Even the monthly issue of the paper was being

published by him ~~at irregular intervals~~ ~~those matters~~. And he was sending them all together to the Leeth Library in exchange for the gazette etc. He was reminded of this several times and to ~~see~~ one of the inquiries made in Aug., 1934 he replied that "he was not in station for a long time & would look to the matter earlier".

3) By that time, the permission obtained from him had also lapsed according to the stipulation of the Govt & he was not in order in publishing the paper again without permission from Govt. In the mean while, his paper also, which was in the exchange list had to be removed therefrom for the above reason. ~~Practically there is no publication of the paper at present~~ and it is not clear how he now seeks permission to bring out special editions of the said paper, when the original itself has become defunct.

Added to these Sri K. Nimmadas has published just recently an issue on the 25th instant and has filed it with his present application. It is in contravention of the Sec 5 of the Mysore Newspapers Regn. ~~Inasmuch as~~ Cl 2 of the Regn, a person

(4) This paper is not regularly published, and issues when received at all are actually received several days after the date of alleged issue. It is not possible to say if the paper is being regularly published, what its standing is etc. He has sent the Chief Secy a copy of the issue d. 25th May 35 which seems to contain very little matter.

(In his letter to Govt, he indulges in strong language).

(5) He says that he intends "to bring out as many editions a week as possible" during the Birthday Season at Mysore & wants permission. This is somewhat vague.

(6) Draft calling for a report from Dr. Maghe enclosed. Also one sent to Mr K. Bhimarao

Cpl 1.6.35

(7) He does not publish even a quarterly Statement even once a month. The last one that was received was dated 5.1.35. The subsequent one is dated 25.5.35. He was removed from the Exchange list in Feb 1935 as the paper did not deserve

NOTE—Contn. Sheet.

This Conspiracy. It is not clear if he published any issue between January 1935 & May. If he ceases to publish for one full month the permission granted under the Newspapers' Regulation ceases. If no issue had been published between January & May, the permission has ceased. & The publication in May will be without permission. A report from the D.C. will be called for.

8) The so called weekly paper issued not even once a month Containing about three Columns of some matter on one page. This matter even is so Stale & insignificant That it is a euphamism to call it 'news'.

9) The present application is, I believe a dodge to get again at the Exchange Lib so as to obtain the amenities of a Press representative from the Govt at the R.A. & L.C. Sessions.

10) As will be seen from the note dated 24.10.34 in the file below, he had received advance subscription from the Govt & Contract advertisement charges in advance.

11) His present application will be dealt with in due course on the merits after receipt of D.C's report

Re: Mr. K. Bhima Rao, Editor
Progressive Mysore

File No. of 193 | General and Revenue Secretariat

1) Mr. Bhima Rao has asked for permission to bring out "as many editions a week as possible" of his paper during the R. A. season. A report was called for from the Dy. Comr. about the grant of his request and also about the regular ~~publishing~~ publication of the paper & whether the permission given to start the paper is still current.

2) The Dy. Comr's report has now been received. ~~[redacted]~~ Under the terms of the G.O. granting permission to edit the paper (weekly) the said permission would lapse if the paper ceases publication continuously for a month at any time. The Editor himself has now admitted that he could not issue any editions between May and July 1934 for nearly 2½ months for want of a printer. In this connection he has made a mis-statement that after 2½ months he got permission of Govt. to change the Press - implying that the delay was on the part of Govt. The papers put up show that he applied on 21.5.34 and Govt. order granting permission to change the Press was issued on 30.5.34 i.e. in 8 days.

Serial No.

He has subsequently printed ~~issued~~ issues dated 7th June and 7th July, but these must actually have been printed & published much later than the dates printed thereon (Govt received copies ~~on~~ in Oct. 34). In his present letter he admits he could not get them printed before July 1934. The journal is so irregular & copies are received so much later than the ~~dates~~ ostensible dates, that it is difficult to verify his statements. A set of the issues recently sent by him between Feb. 25 & May 35 is put up. The paper is of one page foolscap generally and it is difficult to believe that it has a wide circulation.

24) The Dt. Magte is of opinion that the permission given for conducting ~~starting~~ the paper has lapsed on account of its non-publication for 2 months between May & July 1934, and that his present request for bringing out Special Editions need not be granted as he has no financial backing & not in a position to efficiently conduct a paper.

22) He admits that he did not publish the paper for 2½ months between May and July 1934. Consequently according to the terms of the permission granted, the permission has lapsed as he ceased to publish for over one month. His subsequent publication without obtaining fresh permission is irregular. The small scrap of paper he publishes comes at irregular intervals and is probably antedated invariably.

23) With regard to the present application he may be informed that permission to "bring out several editions of the paper during the Birthday season" cannot be granted. He may also be told that the permission granted in April 1934 has lapsed & that he cannot publish the paper A

Dear Sir,

I believe you have not forgotten me completely. You might remember that last year while I was there during the Legislative Council session - (June-July 34) - I called on you in your house one morning.

I herein enclose a copy of my latest weekly. As my press has been long and continuously ill, I have not published with regularity only half sheet of usual size of late. But, thank God, he is now getting well gradually and hence hope to bring out the issues in regular form and promptly.

I believe you know that I am the youngest brother of Messrs. K. Subba Rao, B.A. (author of Revised Memories, published in 1933 August) and K. Srinivasa Rao, B.A; District Judge, Madras Service, - (whom you had known well, during) - and Mr. K. Nyasa Rao, B.A; Advocate, Madras.

That though my paper is not numerically strong, and is not even known to most of my local people to be small in significance, yet it is

getting the highly valued opinions
from responsible people, Administrators
Boards of States and responsible
Englishmen of high social
standing and position.

Editorial Notes.

We are glad that Mr. K. V. Anantharaman, B. A., Deputy Commissioner, Bangalore District, has been appointed as the Chief Secretary to the Government, in the place of Mr. R. Ranga Rao, B. A., B. L., who has been granted leave preparatory to retirement. As said by us in one of our issues last year, when writing about the place of the Inspector-General of Police in Mysore, we have said of him that "there are few people of the type of Mr. Anantharaman in the Mysore service fit for such executive place". We trust that he will prove the best of the lot that have occupied the Chief Secretary's place. First and foremost, we would earnestly invite his early attention in the interests of not only efficiency and fair name but plain elementary principle of ordinary business, viz., the making of the staff of the good secretariat learn the habit of acknowledging duly receipt of all communications to the Government and in due course, but not indefinitely, reply to the parties concerned, on the merits of the case. Another thing that we have very often come across with to our utter surprise is that what one branch of the good secretariat knows or is aware of, another branch is quite ignorant of. This causes lot of delay, explanation, and quite unnecessary correspondance not to mention the annoyance, very often. We would, if need be, illustrate this, whenever such things occur again.

If ever any Congressmam has said anything about Swaraj till now it has been said to the best of purpose by Mr. Sri Prakash, M. L. A., thus; "the struggle for swaraj is not a struggle for putting an Indian in every place where there is now a European." True and wise words indeed.

o o

It is said that some important changes and retirements in the higher official ranks is very likely to take place about next September and October. The period of the First Member of Council would it seems termimate in October. But his valuable services will not be lost to the State and the people, as he would continue to be the Chairman of the Mysore Iron Works, Bhadravati, and also that of the Mysore Sugar Company. It is thus a great andvantage to the two industrial concerns to have the benefit of his ripe experience and knowledge gained in the course of his long and varied activities.

o o

In the vacancy thus caused, it is said or rather expected that the present Revenue Commissioner will be elevated to a seat in the executive council. This gentleman also belongs to the early batch of Mysore Civil Service men who got in by the open door of competition in those days. An interesting period of Council activities is expeeted.

o o

The demand for gold is on the increase every day all over the world. Mining companies are making very earnest efforts to explore every possible area and even those once abandoned. Messrs. John Taylor and Co., have been granted an exploring license for gold in the districts of Shimoga and Kadur. If this works out successful, ~~working~~ it will be another feather in the cap.

SIR,

12/6

With reference to your letter No.2602/C.B.12-31 dated the 1st June 1935 re the grant of permission to Mr. K. Bhima Rao, Editor, "Progressive Mysore", to publish during the ensuing Birthday Season "as many editions a week as possible" of his paper, I have the honor to state that the Editor, in his own statement before the Police Sub Inspector has stated that the first issue of the weekly journal was published on 30th April 1934 that in some months only one issue was published and since February 1935 the said journal was being published every week. He has also stated that for a period of about 2½ months between May and July 1934 the journal could not be got printed as there was no printer, but he has not been able to produce any copies of the journal for verification of his claim. The plea put forward by him before the Sub Inspector that on account of the absence of the Satyavadi Pressman he could not produce copies of his journal is hardly convincing. I fear this gentleman has no financial backing and is not in a position to efficiently conduct a paper.

The District Superintendent of Police, Mysore, has reported that it is clear that the paper is not being regularly published and that the permission granted to him has lapsed as the paper ceased publication for over a month.

In these circumstances I am not in favour of recommending the present request of the petitioner.

In enclosing herewith District Magistrate reference C1 - 2180/34-35 4/5 16/35 I beg to state that I visited the house of Mr K. Bheema Rao, Editor, "Progressive Mysore", to verify whether he has been regularly publishing his Journals. But he has not got any of the Journals published and has not got any accounts to show that he has been regularly editing his Journals.

From the statement of the Editor, which is herewith attached, it is clear that his Journal was not published continuously for about 2½ months from May 1934 to July 1934 and continues to publish the subsequent Journal as permitted by the Government but he has failed to furnish the copies of this order. Also he has admitted that he has published only one issue in some months. Hence it may be said that he is not regularly publishing his Journals.

Added to this he has not got a Press of his own and he is at the mercy of other Printers and has not got a certain income.
